

Short-term Visiting program for students/researchers at Indian Institute of Science, Bangalore

Indian Institute of Science (IISc), Bangalore is India's leading institution (No. 1 University) for advanced education and research in Science and Engineering. For additional information, kindly visit the institute website: <https://iisc.ac.in/>

IISc welcomes the Masters/PhD/Postdoctoral researchers of recognised Foreign Institutes/Universities for short-term visiting program across its [departments/centres](#). The potential student/researchers can be accepted as visiting fellow under the MoU or otherwise. The visiting fellow/exchange student needs to identify a host supervisor at IISc for the proposed visit, where the duration of visit could be from minimum of 3 months to maximum of 1 year. He/She will receive the monthly fellowship for the entire period on par with the IISc students.

Current emoluments are:

- ◆ Masters student: Rs. 12,400/- per month
- ◆ PhD student: Rs. 37,000 to 42000/- per month
- ◆ Postdoctoral researcher: Rs. 60,000/- per month

In addition, the visiting fellows could be provided the campus accommodation on payment basis, based on the availability.

The host faculty at IISc may contact Office of International Relations (OIR) for further information.
